WÓNAĤ'UŃ EKTÁ WÓKIČHIYAKAPI (SHARING INFORMATION WITH YOU)

Parent's Weekend Assignment: Please send 6-7 feet of ribbon in three different colors with your child/ren on Monday Nov. 3. Uŋči Betty estimates that that's about one roll per color.

Our students will begin making ribbon skirts and vests next week in preparation for the Winter Program, which will be presented online (platform TBD) on Thursday, Dec. 3.

For color selection purposes, the fabric for our ribbon skirts is featured below.

SHARING INFORMATION

continued from Pg. 1

Project Based Learning: Our Wičhákini Owayawa students each have been assigned a topic for a project as part of their curriculum.

Some of this project is individual effort and may require some work at home (possibly including online research), while another portion will be completed with a partner during school hours.

Please ask your child/ren about the project in case they need your support at home to gather information on the topic. Our goal is to complete these projects before Holiday Break in December.

Picture Day: We anticipate picture packages will be available within the next two weeks. For those students who couldn't be here, we will schedule a second opportunity for pictures in the days ahead.

Stay tuned!
